

*Unto Thee, O God, do we give thanks,  
unto Thee do we give thanks; for that Thy name is near  
Thy wondrous works declare.*

Psalm 75:1

November 2006

Dear Friends and Family,

Autumn is a wonderful time of the year when all of nature is in a beautiful state of transition in preparation for the coming winter. As we view God's creation and behold His wondrous works, we can truly echo the words of the Psalmist "*Unto Thee, O God, do we give thanks!*"

We are very thankful to the Lord for allowing us to continue on in this ministry with New Tribes Mission nearly 33 years. We are constantly reminded, month after month, as we pray to our Heavenly Father to provide for our daily needs, that we are completely dependent upon Him. As members of a "Faith Mission" it is only through the Lord and His people that we can remain in this ministry of reaching tribal people around the world with the Gospel of the Lord Jesus Christ. We are thankful, from the bottom of our hearts, for those who support us financially, as well as for those who pray faithfully for us. Thank you for your prayers, as together we are co-laborers in reaching others for Christ.

We would ask you to please pray for a need that we have in the NTM Medical/Medical Evacuation/Life Insurance office. For several years now, we have seen the need for someone to be our backup, when we are away from the office. We are asking the Lord specifically for another man to work in our office, not only to be our backup, but also to help us with many of our responsibilities which only we know how to do. It really isn't a good situation to not have an adequate backup when we are responsible for the administration of a Medical Plan that processes well in excess of \$3,500,000 claims per year. Having another man in our office would then allow us time to work on other projects that we have had to leave on the "back burner." The need of having another co-worker was really brought home to us this summer when we needed to spend 3+ weeks with Mom and Dad in Wisconsin, after Mom suffered a stroke. Fortunately, this happened in the summer when we weren't quite as busy, but if we had to be away from the office at this time of the year, it would have been very, very difficult. Right now we are working on the revision of the 2007 Medical Plan Policy. We are also involved in putting together a Health Savings Account provision for our missionaries and we are working through a rather difficult transition to a new company who helps with some of the processing of our missionaries medical claims, who serve in Florida. All of this besides the unending flow of work that comes into our office each day, i.e. e-mails, phone calls, paying claims and invoices, etc. Thank you for praying for us, that the Lord would provide another man to be our backup and our co-worker.

We trust that you will have a wonderful Thanksgiving Day. Thank you once again for praying for us.
