Dear Friends and Family,

Greetings in the precious Name of Jesus as we write to you, commemorating once again the Resurrection of our Savior. We are so thankful for what Jesus did for each of us and for the entire world, in dying and shedding His blood to pay the debt of sin in our place on the Cross of Calvary. Then He rose again and lives forevermore in Heaven, sitting at the right hand of God. We have much to be thankful for, as well as having a wonderful message to tell to the nations of this world.

Lately, we have been hearing of several tribal groups receiving the Word of God in their language for the first time – Indonesia, the Philippines, and Papua New Guinea, to name a few. It is a great day when they have God's Word in their own language. At times, these New Testaments are printed in their own country, as this is less expensive than printing it overseas. Many more translations are in the works, and so many of these translators and missionaries working in these tribes are people we know, with whom we also went through the NTM training years ago. How we praise the Lord for His faithfulness, and the verse that reminds us that, *"He is not willing that any should perish"* 2 Peter 3:9.

We want to thank you for your faithful prayers for us, and gifts to us in support of our ministry. We continually thank the Lord for how He has been so faithful, and used you in this ministry of reaching lost tribal people, as well as people all over, who need to come to know the Lord as Savior. We are truly grateful.

At this time, we are both keeping healthy, for which we praise the Lord. However, our son, Jeffrey, has had a very bad case of the “flu” which has gone into an Upper Respiratory Infection. He has been home from work for an entire week now. Thank you for praying for us too.

The Medical Plan Office is like a busy beehive! The new PPO Network that we told you about in one of our recent prayer letters is working well, but we’ve had trouble with getting Explanations of Benefits to our missionaries. We are now sending them paper copies, as the downloading of the claims information is still being worked on. We do look forward to the time when they can download their own claims and Medical Plan information directly from the Internet, if they have Internet access, from anywhere in the world – even in remote tribal areas! Thank you for praying for all of these facets of our work. Our new co-worker is still learning, and we continue to be thankful for him coming to our office. The 2008 Policy is finished, and the next step is to upload it on the New Tribes Mission website for our members. We appreciate each of you who pray for this ministry.

Thank you again for your partnership in this ministry. Trusting you have a great day every day, knowing we serve a Risen Savior!

Because of Calvary,

*John & Linda*
