

*The Lord gave the word; great was the company of
those who published it.*

Psalm 68:11

July 2010

Dear Friends and Family,

First of all, thank you for your prayers and gifts of support of our ministry with New Tribes Mission. Your partnership with us is much appreciated – thank you!

It is a joy to know that the Word of God continues to go forth throughout the world and that hearts and lives are being changed, as men and women, boys and girls put their trust in the finished work of Jesus on the Cross of Calvary. Over 30 years ago a team of missionaries was being formed in the country of Indonesia to reach the Wana tribal people with the Gospel. (John and his family were still in Indonesian language study at that time and didn't know that they would soon have to return home due to serious health issues – please read “*Our Love Story*” – www.GoYeMcGhee.com.) The missionaries began living among the Wana people, learning their language and culture. The Wana language was put into written form and literacy classes were started. Translation of the New Testament began and the Gospel was shared, resulting in many seeking hearts accepting Jesus as their Savior. The entire New Testament has now been published. Here is what John 3:16 looks like in the Wana language:

Apa bae koju pamporayang i mPue Allah resi to lino, see naka la mangawai Aku, AnaNya to samba'aja, see i sema tau to mangaya Aku, tau etu taa darapakaja'aka yau, pei damangarata katuwu to singkasaenya.

Wana believers are now becoming more involved in reaching other language groups around them with the Gospel. In the process, they are being an encouragement for believers in other language groups to do the same. We know that these believers would appreciate your prayers as they take God's Word from tribe to tribe, and that it will bring forth fruit.

The Medical Plan Office has been buzzing with activity the past six weeks. Several of our co-workers have been away on vacation and two others are away in other states to visit sick family members. The work with our former PPO Network will be ending, but there are still a lot of unresolved issues that need diligent attention from those who are bringing this to a close. We would greatly appreciate your prayers for accuracy in checking for problems and making recoveries on behalf of the NTM Medical Plan.

Thank you for praying for my parents, now in northern Wisconsin. My Mom has had an infection, but she is improving. I am still coordinating help for them from here. So far things are going well; praise the Lord!

In closing, we thank you once again for your prayers and gifts to us which allow us to continue in our ministry with New Tribes Mission. We are very thankful to the Lord for you. We trust you are having a blessed summer.

Love in Christ,

John & Linda McGhee
